## MALT-INFORMATION BEST WHEAT MALT

| THE MALT                            | BEST Wheat Malt emphasiz  |  |   | •  |  |
|-------------------------------------|---|--|---|--|--|
|                                     | flavor of wheat beer. It is produced exclusively from high-quality brewing wheat. As it has a higher protein content than a Pilsen malt, BEST Wheat Malt is not only suited to  |  |   |  |  |
|                                     | producing typical wheat beers, but also enhances the mouth feel and improves the  |  |   |  |  |
|                                     | foam of all top-fermented beer styles. The malting process has been adapted to the  |  |   |  |  |
|                                     | raw material to guarantee excellent processability.   |  |   |  |  |
| USE                                 |   |  |   |  |  |
|                                     | Base malt for all wheat beers, top-fermented beers, Kölsch, reduced-alcohol and non-alcoholic beers, and many more.   |  |   |  |  |
| RATE                                | 60 % of the grainbill   |  |   |  |  |
| PACKAGING                           | In bulk, sacks size 25 kg/55 lb   | os and 50 kg/110 lbs, sup  | per sacks size 500-1,00   | 00 kg/1,100-2,200  |  |
|                                     | lbs   | 3, , , ,   |   |  |  |
| SHELF LIFE                          | At least 24 months under dry conditions (max. 20 °C/68 °F, max. 35 % RH).   |  |   |  |  |
| SERVICE                             | Should you need personal assistance, one of our experts will be happy to advise you. Please   |  |   |  |  |
|                                     | do not hesitate to contact us with any questions. Or find more information on our website at <b>www.bestmalz.com</b> .  |  |   |  |  |
| REMARKS                             | All of our malts are produced in accordance with the purity guidelines of the German Rein-  |  |   |  |  |
|                                     | heitsgebot of 1516. We use no genetically modified raw materials. Our malts are produced in   |  |   |  |  |
|                                     | compliance with all valid food regulations and legal provisions. Of course, absolute  |  |   |  |  |
|                                     |   | compliance with strict statutory limits relating to pesticides, herbicides, fungicides, mycotoxins and nitrosamines is guaranteed. This is checked by independent laboratories on  |   |  |  |
